A valid U.S. passport is required to enter and exit Jamaica.

Cultural training will be provided to all confirmed team members in the spring of 2012.

Commitments are requested by January 15, 2012.

**Support Participation:** If you cannot travel to Jamaica with the team there are still opportunities for you to be a part of the effort. You can financially assist someone that cannot afford the travel costs; you can provide a donation to help purchase materials; you can assist in preparation of ministry dolls; and you can provide prayer and other support for team members as they adjust their family routines and responsibilities for the trip. Help in each of these ways will be a vital part of making this a successful mission trip.

Jamaica is a country rich in beauty. Its people possess a quality like no other. The needs of Jamaica are numerous. People are in need of a personal relationship with Jesus Christ. Consider prayerfully if God is calling you to support the SBC Great Commission resurgence by joining this team.
